

TOWN OF RAYMOND

Adopted By: Administration

Motion:

Authority to Administer: Director of Operational Services

Policy Number: OP - 2017-12

Policy Name

Private Utility Installation on Town Property (Gas and Electricity Only)

Policy Purpose

To regulate private installation of utility infrastructure on Town of Raymond Property.

Policy Statement

Past experiences have necessitated a policy to protect the Town from unnecessary expenses and liability.

Policy Procedure

No private enterprises are permitted to construct underground utilities on public property within the Town of Raymond unless authority is given by the Director of Operations. The private enterprise is responsible for the repair and general maintenance of all utilities installed by said enterprise for a period of two years. To protect the town from liability, all private enterprises installing utilities on public property within the Town of Raymond must carry sufficient insurance, bonding and workman's compensation.
