

TOWN OF RAYMOND

Adopted by: Council

Motion Number: 2019-431

Authority to Administer: Chief Financial Officer

Policy Number: GP- 2017-02

Policy Name

Council Contributions

Policy Purpose

To ensure that tax dollars are used to support municipal purposes that in the opinion of Council are desirable for all or a part of the community.

Policy Statement

The Town of Raymond will provide funding contributions to organizations, groups or societies from tax funds collected from the community, provided Council has appointed a representative to the board of any such group.

Council has deemed that financial donations to private causes or individuals, or, organizations, groups or societies for which there is no assigned Council representative, is an inappropriate use of tax dollars. Many requests are received from various sources for worthy causes. However, the use of Town money will not support any type of non-government use. Other public and private sponsorship may be sought, or the Council members and staff may contribute personally from their own resources.
