

## **FORTISALBERTA UPGRADING ELECTRICAL DISTRIBUTION SYSTEM IN THE TOWN OF RAYMOND**

We are currently working to improve reliability of our electrical distribution system in the Town of Raymond. Beginning Mar.8, 2021 we will be working with a contractor, Forbes Bros, to replace porcelain switches at the end of their life cycle.

For the safety of our employees and contractors, these upgrades will require short power outages affecting some residents. Directly impacted residents will be notified of any planned power outages required 72 hours in advance.

We appreciate your patience during construction and attention to restricted parking areas and our workers and work sites. If you have questions or concerns about this project, please call us at 310-WIRE (9473).
